

Aerospace Medicine and Human Performance

MARCH 2025 VOLUME 96 NUMBER 3

PRESIDENT'S PAGE

- 189 Building a Stronger AsMA – Best Practices for Committee Chairs, Deputies, and Members**
R. Orford

RESEARCH ARTICLES

- 191 High-Altitude Acute Hypoxia Endurance and Comprehensive Lung Function in Pilots**
B. Li, Y. Xu, D. Wang, B. Wei, H. Zhu, M. Wu, X. Lan, Q. Yin, and Y. Cao
- 198 Rodent Model for High Altitude and Ebullism Exposure Studies**
A. Garbino, D. Nusbaum, S. Goughnour, S. Dalal, M.-V. G. Carminati, and J. Clark
- 206 Actigraphy-Driven Biomathematical Fatigue Modeling in British Military Rotary-Wing Pilots**
A. Pelham, M. Van Tongeren, H. Arnold, and P. Cocco
- 212 Seasickness Simulator to Assess Anti-Motion Sickness Devices**
C. de Thierry de Faletans, M. Misericordia, J.-M. Vallier, P. Duché, and E. Watelain
- 219 Mediating Roles of Resilience and Stress in Emotion Regulation Strategies and Pilot Job Burnout**
Y. Zhao, K. Zhu, H. Cai, Z. Liu, R. Xiong, and L. Wang
- 228 Voluntary Incident Feedback in French Private Aviation**
R. Demoulin and C. Stalars

REVIEW ARTICLE

- 234 Occupational Physical Requirements for Astronauts**
P. St-Martin, F. Lalonde, F. Bouchard-Lévesque, and I. J. Dionne

CASE REPORT

- 251 Enlarged Foramen Ovale-Caused Meningeal Bulge in a Pilot**
J. Zhai, S. Liu, D. Gao, and Y. Yao

CASE SERIES

- 255 Incidental Findings on MRI Brain Imaging in Pilots from the Canadian White Matter Hyperintensity Study**
S. Danho and J. Saary

TECHNICAL NOTE

- 260 Cochlear Implants in Aviators**
D. G. Schall

FEATURE

- 264 This Month in Aerospace Medicine History: March—W. W. Dalitsch III**

ASSOCIATION NEWS

- 266 Recent Changes to AMHP Online—R. Trigg**
- 266 Atlanta, Here We Come: June 1–6, 2025—J. Bohnker**
