

ATTENTION: PRINT SUBSCRIBERS

Aerospace Medicine and Human Performance, fondly known as the Blue journal, is transitioning to an online-only format beginning with Vol. 97, Issue 1, in January 2026.

As of August 1, 2025, we will no longer renew print or print + online subscriptions. However, we will honor legacy subscriptions through July 31, 2026. After the transition, subscribers will be able to place individual print-on-demand orders as desired.

Additional details coming soon at:
<https://www.asma.org/journal/subscription-rates-information>.
